Omni Montessori School Primary Guide

Omni Montessori School seeks Primary Guide to lead an established class of students aged 3-6 years beginning on or before August 1, 2018. The preferred candidate will possess a primary AMI diploma and will have previous experience working in a Montessori primary classroom. In addition, the candidate will have strong written communication, interpersonal and public speaking skills and a proven ability to work collaboratively and thoughtfully as part of a team. Omni seeks nurturing, curious and self-motivated guides who are interested in joining and staying in a Montessori community. Interested individuals should send a cover letter and resume to HR@omni-montessori.org.

About Omni Montessori School

Our Campus

Omni's seven-acre Blakeney campus is a peaceful, wooded setting for the school's Primary and Elementary students – and an integral element of their educational experience. A schoolyard habitat registered with the National Federation of Wildlife, the Blakeney Campus is home to several buildings, including an Activity Center which houses a gymnasium and our aftercare programs and our brand new treehouse library named the Owl's Nest. The grounds include a koi pond and two open fields with play structures for recreation.

Our Community

Omni Montessori School was founded in 1985 by a group of parents interested in providing authentic Montessori education for their children. In the 33 years since opening, Omni has grown into North Carolina's oldest and largest AMI-accredited school. In keeping with the spirit of those first families, Omni seeks to effect meaningful change in the wider Charlotte community through the development of its youth into independent adults. The school's slogan condenses this vision into the simple "Education for Life."

Our Curriculum

Omni Montessori School provides a healthy, natural environment for the development of the human personality by recognizing and responding to the developmental tendencies at each age. Omni offers authentic Montessori education for students at Primary, Elementary, and Middle School levels. The school's programs and curricula uphold the values and principles developed by Maria Montessori, and receive annual recognition by the Association Montessori Internationale (AMI).
