

Montessori Guides Needed in Moscow, Russia

Otrada International Montessori Center is located in a beautiful residential area just outside the city limits of Moscow, Russia. Our mission is to provide an authentic Montessori education that develops the whole family. The location features horse stables, a luxury residence community nearby, as well as a beautiful natural landscape in a wooded area.

We have a growing center, but it is hard to find Montessori guides to travel to Moscow. The amazing experience you will have is definitely worth the distance! We are desperately looking for dedicated individuals and passionate professionals to fill the following positions:

- Children's House Guide (3 to 6 years)
- Assistant to Infancy/Toddler Guide (16 months to 3 years)

You must have, or be in the process of completing, an internationally recognized Montessori teaching credential from AMI, AMS, or MCI. Ideally you have experience and are a native English speaker.

We offer a competitive salary depending on position and experience, and all classes have bilingual Russian assistants. Our former teacher/head of school is also a Montessori-trained American and still connected to the school. For international teachers we provide housing, health insurance, and paid professional development.

Please visit our web page at:

<http://www.otrada-montessori.ru/en>

We look forward to receiving your CV, a copy of your AMI/AMS or MCI diploma, and any degrees (if relevant). We will be taking applications until the position is filled, even if it means starting the class mid-year. Montessori is growing in Russia; help us keep it going!
