

Monmouth Montessori Academy, located in the historic town of Spring Lake, NJ, has openings for an AMI-certified elementary guide to lead our lower elementary classroom starting in September, 2017.

Monmouth Montessori Academy is a growing independent Montessori school, founded in 2012, that is beginning a conversion to being an AMI school. We serve children toddler through lower elementary and are beginning our first upper elementary classroom next year. We are located in Spring Lake, NJ, just a few blocks from the beautiful Spring Lake beach, and an hour and fifteen minutes from New York City.

We are a family-oriented community, committed to creating a loving and inclusive community, dedicated to Montessori, and rooted in supporting the whole child and whole family through Montessori practice at school and at home. We work hard to create a warm environment for the faculty, where their work is valued and they have meaningful say in the values and operations of our growing school. We welcome dedicated Montessorians interested in being part of and contributing to a warm, loving, and thoughtful community of practice.

We offer competitive salary and benefits, and in addition, we are happy to sponsor our teachers through other AMI trainings that they wish to pursue (for example the consultant's training or training in a second age group). Also, for those interested in research, there are several opportunities to be involved in designing and participating in research studies, as we are a lab school with an active collaboration with MIT. Please reach out if you have interest or questions to: Lisa Viola, Head of School (lisa.desmond@gmail.com)
