Dear Silvia,

I am contacting your training center since our school is seeking excellent, trained **AMI certified Toddler Lead Guides and Primary Lead Guides** for the 2017-2018 school year at The Montessori Schools, Flatiron and SoHo in New York, New York. Our two campuses are located in the diverse and bustling Manhattan!

The first campus of The Montessori Schools, The Montessori at Flatiron, opened its doors in 2013 and currently has three Toddler and six Primary communities. It is located near the iconic Flatiron building and beautiful Madison Square Park. Our school reflects the vibrant and international community it serves. We are AMI recognized for A-I and associated at the Primary level.

The Montessori in SoHo is the second campus of The Montessori Schools. It has four Toddler and three Primary communities. The school is located in a custom-built facility on Sullivan Street. The beautiful space includes generous indoor and outdoor play areas. We are delighted to be adding new Toddler and Primary communities to our SoHo campus. The SoHo campus is in a residential and commercial area just a few steps away from designer shops and famous restaurants.

Lead Guides must have an AMI diploma at either the Toddler or Children's House level, and a Bachelor's or Master's degree. Ideal candidates are excellent verbal and written communicators. We seek Lead Guides who work collaboratively, are joyful, warm and professional.

We provide our faculty with a competitive salary and benefits package. We offer our Guides the opportunity to attend the AMI Refresher Course and also offer professional development workshops throughout the year. Trained administration and experienced owners support our staff. Following AMI standards, The Montessori Schools provide beautiful classrooms and a classic Montessori experience for our children in New York City.

Candidates may visit our website to learn more: www.themontessorischools.org.

We welcome resumes and information requests emailed to employment@themontessori.org.

With Thanks,
