

Phoenix Montessori School offers potential candidates an opportunity to join a nurturing learning community. The school is moving to a heritage church building in South Etobicoke with a capacity of 125 children under six plus an Elementary community. Our school is beginning a growth spurt with our new location being a permanent one and we have a reputation of offering an authentic Montessori education to our students.

We are looking for a YCC Guide to start a new class in January 2018. The ideal candidate is well-educated and well-versed in Montessori philosophy and would be able to start as soon as possible to help set up the room. AMI certification is preferred, however, we believe that experience and temperament are equally important characteristics.

Qualified candidates should forward their resume to the Principal via lpriolo@phoenixmontessori.ca by November 15, 2017.

A detailed job description is available upon request. Information about our school can be found by visiting our website at: www.phoenixmontessorischool.ca
