

Angie's Children House (ACH) is seeking an experienced, energetic, and caring individual to serve as the Lead Teacher for our school's primary classroom (3-6 years old). We are seeking someone able to start as early as May. Our wonderful current Lead Teacher is leaving due to marriage at summer break, and we would love to have some transition time if possible.

The Lead Teacher oversees all aspects of classroom operation. They plan and implement a curriculum for the children in their class and review and revise the curriculum as necessary. The Lead Teacher must be excellent in preparing the environment, taking overall responsibility for creating an orderly, safe, appropriately challenging, and dynamic environment for all children in the class.

An understanding of, respect for and love of children is essential in our child-centered environment. In addition, a deep understanding of Montessori philosophy and child development are critical components. The Lead Teacher oversees the observation of children's development and the collection of records to assess each child's progress.
