Hollister Montessori School is seeking an AMI trained Primary Guide for the 2017-2018 school year. The class is an established group of 24 three through six year old children.

The ideal candidate is a lifelong learner who is joyful, warm and professional in their daily interactions with children, families and colleagues. Confidence, professionalism, a nurturing demeanor and a sense of humor are important characteristics. A strong respect for and love of children centered in an understanding of the Montessori philosophy are essential. We look for a long-term commitment to Hollister Montessori School.

Hollister Montessori School opened in September 1998 with a class of 3 and 4 year old children. As interest in the Montessori program grew, an elementary class was added in September 2006. We are still a small school with 1 Primary and 1 Elementary class. Hollister is currently experiencing a growth spurt and we anticipate that HMS will be growing over the next few years. We have a dedicated group of guides and families interested in seeing the school continue to offer an outstanding Montessori program.

Hollister is located on the central coast, near Monterey Bay. It is about an hour and a half south of San Francisco, CA. We enjoy a mild climate at the southern end of the beautiful Santa Clara Valley.
