

## **ISTHMUS MONTESSORI ACADEMY – MADISON, WI**

Congratulations! You have committed to an AMI Montessori Training or you have graduated from this rigorous and fulfilling experience.

**WE WANT YOU!**

Our growing school community serves children ages two months to 15 years, providing AMI Montessori Nido, Young Children's Community, Primary, Elementary, and Adolescent Programs.

For the 2018/2019 school year, our learning community will be transformed into two branches; one continuing as a non-profit serving children from two months through three years, and the other branch (IMA Public) serving students from 4K through 9<sup>th</sup> grade in AMI Montessori prepared environments as a tuition-free, public school.

This is your opportunity to become part of the first, public AMI Montessori School in Madison, WI!

We are excited to announce a move to a brand new, architect designed location with outdoor access from the classrooms, a full kitchen, multiple gathering areas, a lactation room, and beautiful natural light throughout. Located at the base of the isthmus of Madison, the capital city of Wisconsin, our school benefits from access to the beautiful lakes, arboretum, world-class university, and one of the largest and best farmers markets! Madison is a city of culture, music, festivals, global cuisine, and full of caring, creative, innovative, and genuine people.

Our organization has a partnership with an organic farm for our snack and hot lunch program. We are steps from a bus stop allowing children to participate in an active Going Out Program within the beautiful city of Madison with its many resources, and we have enough green space for exploration, play, field sports, a chicken coop, and a garden.

Honoring the spirit of each child is the driving force for our teachers and families. Won't you join us in offering education founded on peace, sustainability, and community?

Please send your resume and cover letter to [administration@isthmusmontessoriacademy.org](mailto:administration@isthmusmontessoriacademy.org) attention Melissa Droessler and Carrie Marlette.
