

## ELEMENTARY GUIDE FOR VIENNA VIRGINIA HOMESCHOOL CO-OP

A group of Christian families coming from an AMI recognized primary environment is seeking an AMI trained elementary guide. Our current AMI recognized school has reached its physical capacity. We are starting afresh and looking to grow a Christ focused, AMI recognized school in Northern Virginia which offers a quality Montessori education and Catechesis of the Good Shepherd.

Qualified candidates will guide students who are mostly first years for the 2018-19 school year. The first year the school will operate as a tutoring center for a Montessori cooperative. We will be based in Vienna, VA in a beautifully built home with a separate entrance to a 750 square foot classroom area which includes two separate bathrooms and a 1.5 acre fenced in backyard. The house is in a quiet neighborhood which adjoins a county park with wooded trails, a creek and soccer fields.

Ideal candidates will be motivated in the following areas:

- Create a peaceful, respectful, loving classroom culture.
- Manage cycles of lessons, projects, observations, assessments and reports for each child.
- Support the Montessori tradition of goings out and field trips.
- Collaborate with parents to meet goals for students.

Requirements:

- AMI Elementary Certification (Completed or Begun)
- Catechesis of the Good Shepherd Certification, Level II (preferred but not required)
- Ability to sign a covenant of faith

A competitive salary with benefits will be offered. Financial sponsorships may also be available for those completing their coursework. Mentoring from AMI-trained guides/administrators is available for those interested. Since the children will likely be all first years coming for an AMI recognized primary environment, experience teaching in a primary environment would be a bonus for those with partially completed elementary training.
