

## Casa del Mar Montessori School in Marbella

We are a **traditional AMI school** with bilingual (English and Spanish) environments located in Marbella, Spain. The Costa del Sol area is very well known to expats all over the world and so, our environments are enriched by **children from many different nationalities**.

Our team is committed to the Montessori philosophy and Positive Discipline principles and we are organically growing our environments.

**Next September 2018** we will be starting our **Lower Elementary program**. Casa del Mar Montessori is located in a privileged environment for the Elementary students! **Surrounded by nature, mountain and sea**, all amazing trips are awaiting our children in the second plane of development.

We are offering a **permanent contract position** with a competitive salary, based on experience, and *support with VISA and relocation*.

If you are **6-12 AMI certified, a native English speaker**, with experience in running Elementary programs and amazed by the wonders of nature, please, send me your CV and let's have a chat!

Ruth Coca,  
Director
