

Loving, Trustworthy, Dependable, and Engaging private Montessori teacher to come to Hawaii

Aloha,

We are seeking a private teacher with experience, trained in the Montessori method, to teach our three year old son at home. It is very important to us that our teacher genuinely enjoys being around children and knows how to actively engage with them to do a variety of projects (e.g. reading, music, art, math, science). Proficiency in (and ability to teach) Mandarin, German, and/or French is a plus, as my husband or I speak these languages and would like a more multi-lingual home (we primarily speak English). Some schedule flexibility is appreciated if the need arises (e.g. working longer if our meetings run late, working earlier if our meetings start early, etc), but generally, the hours are 7:30 am - 12:30 pm, Sunday - Thursday. If desired, supplemental hours can be added to help me with daily tasks while our son naps. A live-in option is also available, and we're open to bringing you to Hawaii from the mainland.

We would like someone who enjoys a quiet/rural lifestyle and does not: smoke, do drugs, drink excessively, party, or gossip (privacy is important to us).

If you are available and interested, please contact me at HIteacher@mymacmail.com to discuss opportunity. We look forward to hearing from you!

Thank you,
Margaret
