

Fort Collins Montessori School Fort Collins, CO

Fort Collins Montessori School is seeking an AMI lower or upper elementary teacher and an AMI Primary teacher for our expansion in the 2017-2018 school year. FCMS serves children from 3 years to 12 years and was founded as a public charter school three years ago. We plan to expand up through middle school over the next five years.

FCMS is located in southwestern Fort Collins near Colorado State University. Many outdoor activities are available to residents, including skiing and hiking in the Rocky Mountains located only minutes away.

Our current Primary and Lower Elementary Teachers and the Head of School are AMI certified. Our classrooms are well equipped environments, and our staff is committed to providing a true Montessori experience for children.

Applicants will be required to obtain the appropriate certifications for Colorado, including elementary certification or the alternate for Elementary teachers. Most teachers have opted to take a test that qualifies them for this certification.

Please send your resume, letter of interest, and the date of your AMI diploma to apply for this position. Frank Vincent, Head of School, Fort Collins Montessori School, 1900 South Taft Hill Road, Fort Collins, Colorado 80526
