*LEAP International Montessori School is growing and searching for a warm and compassionate Primary teacher to continue an existing classroom of children ages 2.5 to 6 years old. Rio Rancho is a city just north west of Albuquerque, in the center of New Mexico. The whole area is known as, "The Rio Grande Valley".*

*LEAP International Montessori School is an authentic AMI Montessori School in its second year. We are a growing, warm community Montessori school intent on serving our children and community with kindness, compassion, and a commitment to authentic Montessori pedagogy. We offer a competitive salary and the opportunity to grow with a growing school and program. We are also planning on offering a fantastic benefits package as well.*

*Rio Rancho, New Mexico is a beautiful, relatively newer city that boasts a low cost of living, low crime, stunning landscapes, blue skies and beautiful weather. We have the pleasure to enjoy four seasons of moderate weather. Situated between Albuquerque and Santa Fe, there are excellent opportunities for cultural, artistic, and many outdoor adventures all over the area and state. For good reasons, New Mexico is known as the Land of Enchantment and we thrilled to be building a school here! This is the hot air balloon capital of the world!*

*\*We are open to also accepting a teacher intern who will have just completed at least 1 summer of their training with the understanding that they would need to return the following summer(s) to complete their full training and receive their diploma.*

*For more information on the school and compensation, please visit our website at [www.leapmontessori.org](http://www.leapmontessori.org). If interested, please contact us at [sgriffin@leapmontessori.com](mailto:sgriffin@leapmontessori.com) or call us at [505-994-9433](tel:505-994-9433).*
