

Nature's Way Montessori

A Nature-Based Montessori School

www.natureswaynapavalley.com

Nature's Way Montessori is a private preschool in the beautiful valley of *Napa California*. We are a nature-based Montessori program following AMI principles and standards. Our peaceful environments and compassionate staff nurture a deep respect for self and others, fosters a strong sense of community, and stimulates independent thinking. Students carry with them a strong foundation for future learning, a belief in the dignity of work, and a sense of responsibility for their own development as happy and productive human beings. Our goal at NWM is for every child to leave with a life-long love for learning, the skill and ability to collaborate with others, and the confidence, courage and compassion to excel in life.

We are seeking an *AMI Toddler Guide* for our two-year-old class. The right person for this job will be out-going, passionate about parent education and committed to the development of the whole child. You will also love to sing, dance, cook and garden and take walks.

Our school sits on one acre of beautiful rural land, with beautiful gardens. We are next to hiking trails and a working animal farm. Napa is a beautiful valley in Northern California within close driving distance to San Francisco, Santa Cruz, Tahoe, Yosemite and the most beautiful land on the earth.

This job will begin June 2016. Please contact monica@natureswaynapavalley.com to submit your resume. We offer salary, health benefits, continued education and PTO. Mostly, we are a joyful school looking for the right person to join us.

"There must be provision for the child to have contact with nature; to understand and appreciate the order, the harmony and the beauty in Nature....so the children may better understand and participate in the marvelous things which civilization creates."
