

Webster Montessori School has two openings. We are seeking a trained teacher to lead an established 6-12 Elementary classroom and a teacher to lead an established Toddler (ages 18 months to 3 years) classroom.

Our diverse school is located in a suburb of upstate Rochester, New York. We enjoy strong community support as we celebrate our first 50 years! Please visit our website to learn more. [www.webstermontessori.org](http://www.webstermontessori.org)
