

## **Primary Teacher:**

St. Peter's Episcopal Montessori School in Litchfield Park, Arizona is a Christian based, non-profit AMI accredited school. St. Peter's just celebrated 50 years of operation in 2014 and has a thriving primary and elementary program. We are located in the west valley, minutes away from the city of Phoenix. Our children have access to wonderful parks, museums and outdoor activities. We enjoy beautiful sunny weather most of the school year and are able to take advantage of the outdoor environments for gardening and sports.

We are looking for an energetic, self-directed and creative AMI certified Primary teacher to take over a small classroom of 15-18 students in November. Candidates should have a bachelor's degree and be willing to attend continuing education workshops. We are interested in a strong manager/teacher with a positive attitude, a sense of humor, a great work ethic and the ability to learn from and add to our program with a team of primary teachers.

We offer competitive salaries, medical benefits and PTO, tuition reimbursement, professional development and pension. Please email inquiries to: [montessori@stpetersaz.com](mailto:montessori@stpetersaz.com) **or** call us at 623-935-4215.
